Dear Mr. George:

Below please find the Unit's Comments on MMA's draft of 712DP-3 Report of October 31, 2012. Please address these comments in a comment-to-comment fashion and revise the report accordingly. Please send us your revision in three business days after receipt of these Comments. Thanks.

- 1). **Page 1, Section 1.0, the 2<sup>nd</sup> sentence:** Change the text from "Task Order 712DP" to "Task Orders 712DP-1, 712DP-2, and 712DP-3".
- 2). **Page 7, Section 2.1, the Sentence, and Appendix C:** Remove Appendix C completely. No photo documentation is needed unless a significant disturbance may take place onto the property, which may lead to potentially significant loss of the property value.
- 3). **Page 7, Section 2.3, the first and second bullets:** Remove the words "including TICs".
- 4). **Page 8, the last Section of TICs, and Table 3:** Remove the entire section on TICs and Table 3.
- 5). **Figure 2:** Add an information box in the figure to show the lowest IHS soil remedial goal levels for all the five concerned analytes.
- 9). **Figure 3:** Add an information box in the figure to show the unacceptable levels for the concerned analytes.

Please make changes accordingly in the Table of Contents and other parts of the Report.
